### OUTDOOR FIREWORKS DISPLAY CHECKLIST

- Application for permit shall be made in writing on forms provided by AHJ.
- Application shall include the following information:
  - Name, address and phone number of organization or group sponsoring the display.
  - Name, address and phone number of the fireworks operators and supplier.
  - Insurance Certificate.
  - Date and time fireworks are to be held.
  - Exact location of event.
  - Photocopy of license of operator and number of assistants to be present.
  - An inventory list of the items to be used in display.
  - The manner and place of storage of fireworks at the site.
  - A diagram of the site, showing discharge area, location of buildings, highways, lines of communication, the audience restraint lines, overhead obstructions, fallout area, north arrow and emergency vehicle area.
- The following shall also be required:
  - The shoot shall be all-electronic per AHJ.
  - "NO SMOKING" signs shall be clearly posted.
  - Four (4) water extinguishers, state tagged and certified shall be on site and secured.
  - Photo ID's of all persons involved in the shoot.
  - Approval in writing from the US Coast Guard if on a waterway.
  - Approval in writing from the FAA if near an airport.
  - Approval in writing from the DOT if roadways are to be closed.
  - A means to notify emergency forces (i.e.: cell phone, radio, etc.)
  - The appropriate personal protective equipment for each person.
  - Conform to all the requirements of NFPA 1123 and NFPA 1124, 2006 editions.
